WAVEC SEMINAR 2019

Portugal and Norway: Marine Renewable Energy and Offshore Aquaculture

WavEC organized it's annual Seminar 2019 in collaboration with the Norwegian Embassy in Portugal and Innovation Norway.

The event took place on the 4th of December at Museu do Oriente, in Lisbon, Portugal.

In this Seminar we presented major projects on offshore renewable energies and aquaculture and discussed the challenges, opportu The seminar was organized into four sessions:

- Floating offshore wind: Norway and Portugal in a leading position
- Wave energy: building a new industry
- Offshore aquaculture and other ocean market opportunities
- Finance and Investment
